- › Rolling waste water tank
- › Partition curtain for sleeping area
- › Cutting board (sink cover)
- › Skylight blind
- › Water ingress warranty 5 years *

* provided annual inspections are undertaken by a Sunlight approved service centre

General information

The mass in running order according to norms 97/27 EG and EN 1645-2 includes the empty vehicle weight and following basic equipment: filled water tank, filled gas bottle (25 kg) and a cable reel (4 kg). The term "Maximum Authorised Weight" must not be exceeded when optional extras and personal items are taken into account.

The sizes and weight are approximate values. The mass in running order applies for a standard model without any optional extras. The payload value will reduce when optional extras are fitted.

The Technical Information Sunlight Caravans 01/2011 is valid from 15/09/2010. Please note: the price of Sunlight products in various European countries will differ. This is due to differing level of specification in the individual countries and varying

rate of VAT and luxury tax. Sunlight reserve the right to alter technical and material specifications and standard equipment at any times as material and conditions demand. Subject to change, errors excepted.
